To Whom It May Concern:

Over the past 8 months we have had the pleasure of working with the showcase AV team on the audio visual component of our tenant improvements and the relocation of two of our larger commercial clients.

The Showcase AV team demonstrated a great deal of dedication and persistence in working with our corporate facilities team and the project design, construction and relocation teams throughout this process.

Showcase AV represented our best interests in all aspects of the project and were critical to its overall success. They assembled a very competent team to complete the design and installation of all of the audio visual needs and managed the team to keep it focused on completing the project to our specifications. They minimize risks and achieve cost savings where possible and ensured accountability by all team members

We highly recommend Showcase AV and would be pleased to provide a reference to anyone wishing to engage their services.

Sincerely,
CresaPartners Calgary Project Management Ltd.

Scott Crews
Senior Project Manager
